DIST at a glance – 1/2

DIST was set up within the University of Genova, Italy, in 1984, on the initiative of a group of professors of electronic engineering.

Today, with over 80 members (2/3 professors and researchers, and 1/3 technical and administrative staff), and an annual research budget of about 5 million euros, DIST is one of the most important and dynamic realities of the University of Genova.

General Information – 1/7

► ***Established in 1984***

► ***Personnel:***

- *Research & Teaching permanent staff: **51***
- *Administrative & Technical permanent staff: **26***
- *Research Contract Temporary staff: ~ **35***
- *Phd Students: ~ **130***
- *Research Fellows: **39***
- *Scholarships: **6***

► ***Disciplinary Macro-Areas:***

- *Systems and Control*
- *Computer Science*
- *Communications*
- *Operation Research*
- *Bioengineering*
- *Environmental Science*
- *Industrial and Business Management*

Research Areas – 1/5

Informatics & Artificial Intelligence

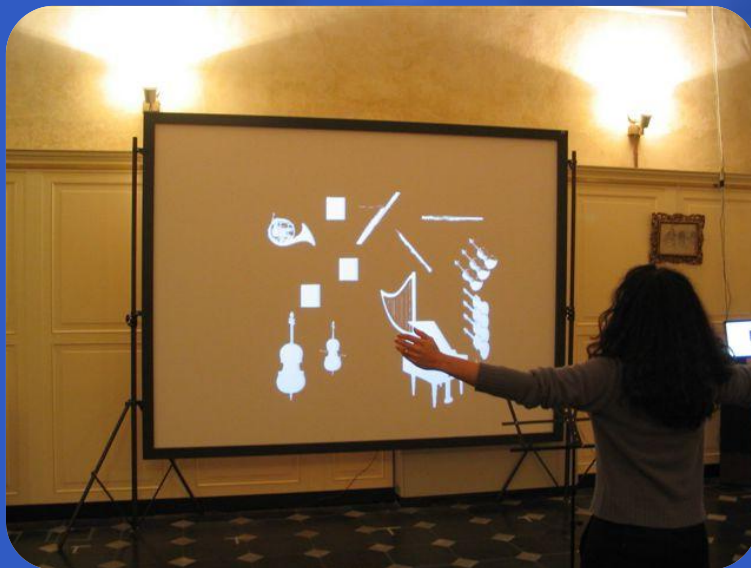

Human-Computer Interaction and Multimedia Technologies

E-learning

Computing Platform Engineering

Robotics

Artificial Intelligence & Automated Verification

Research Areas – 2/5

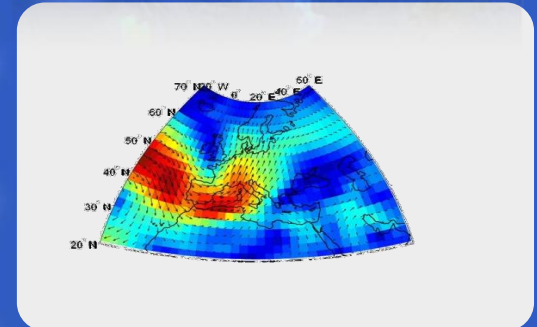

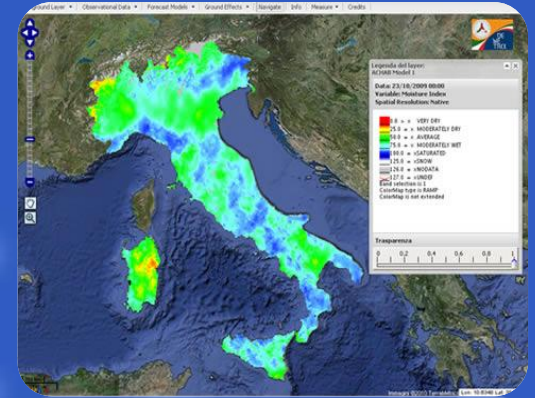

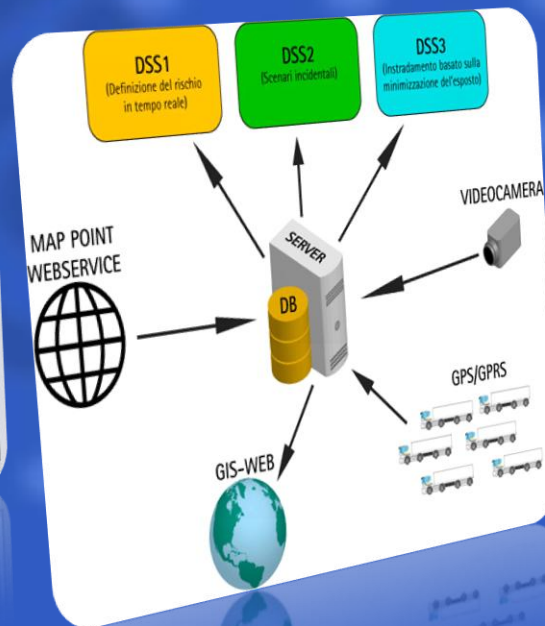

Information Management for Complex Systems

Production & Logistics

Optimization Techniques

Environment & Risk Management

Business Management

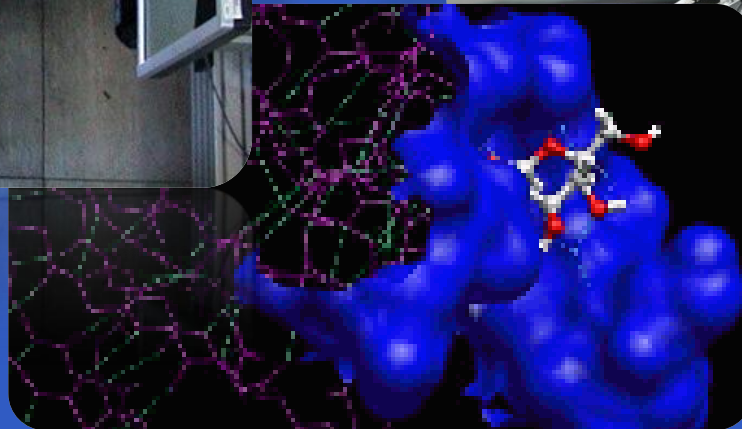

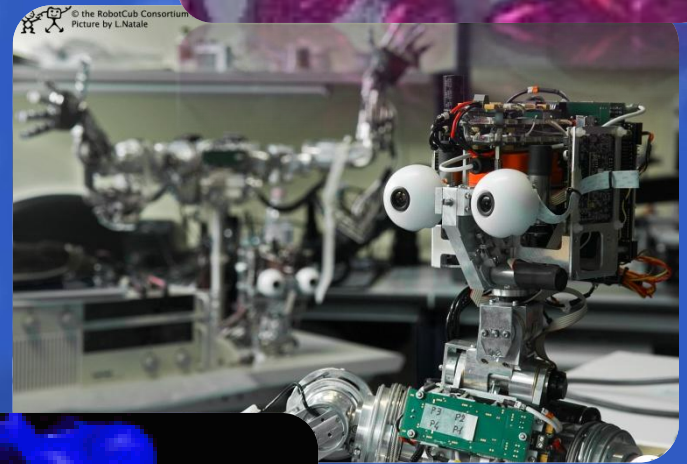

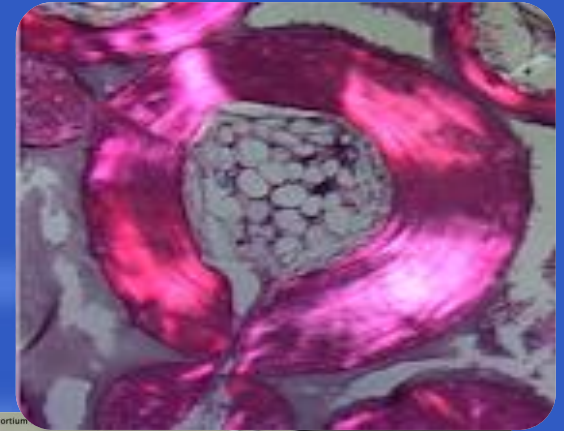

Research Areas – 3/5

Biosciences and related technologies

Robotics, Brain & Cognitive sciences

Neuro-Bioinformatics, Biosystems & Tissue Engineering

*Signal Processing and Multimedia Communications
Networking*

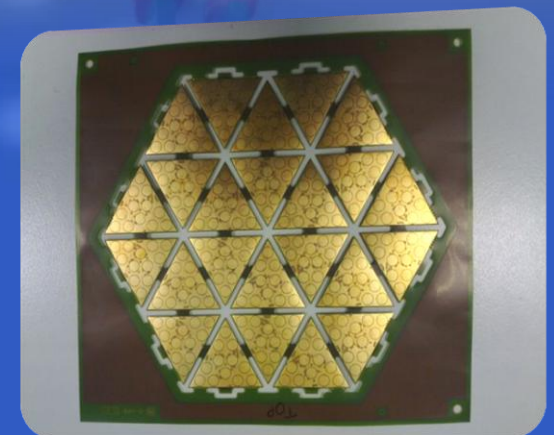

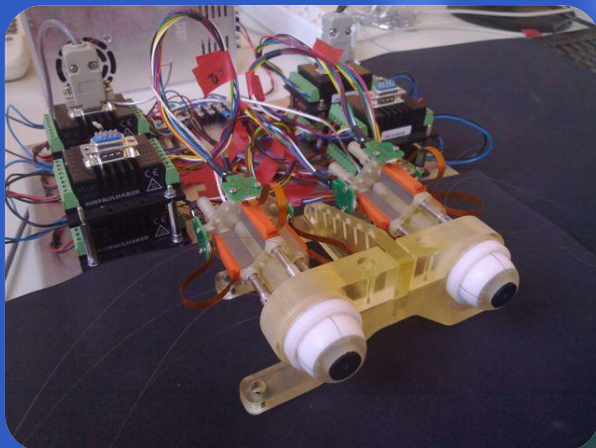

Research Areas – 5/5

Robotics & Intelligent Control Systems

Robotics & Intelligent Control Systems
